FEEDBACK REPORT FROM THE STUDENTS (2022-2023)

Every student received a link to a Google form for providing feedback, since gathering data online is not only easy but also saves a lot of valuable resources like time and paper. A questionnaire with about ten different types of questions is given to the students through the Google Form. Pie diagrams are created after analysis of the responses to each question.

Q 1. How do you rate the college in terms of location and connectivity ?

Q 2. How do you rate the teaching faculty of your college ?

General Comments:

- Overall good.
- Awesome College.
- I am very satisfied with my college education system and our teachers' behaviour.
- Education system and teacher faculty in this college are excellent. They are very much cooperative. They motivate us in every time.
- Efforts should be made for more placement of the students.
- Geography department is good and teachers are also good with the interaction of the students... If I talk about the union then I will say that are not good for me or like my kind of student.
- Our college is very well and helpful for any kind of problem.
- I learned many new things from my teachers who were very helpful in every way they could.
- Please be more helpful to students in the administration office.
- Teachers are good and they motivate us every time. They complete our practical syllabus effectively.
- All the faculty teachers and office staffs are so helpful.
- According to my point of view overall poor.
- Sir and madam are too much enthusiastic to achieve new things.
- I wish that routine could be more convenient from the next time as some days I only have one class and some other day I have like 2 to 3 hours of gap between two classes. It would be helpful if the class break or the no. of classes could be adjusted and one more thing I would like to request that if the girl's common room could have a sitting arrangement as we are not allowed to sit in some other classes during our free period and in the library people tend to talk too so I stay in the common room but when I keep standing for two hours then my legs start aching. Thank you.
- I'm pursuing B.Sc. in chemistry honours at this college and all our staffs and teachers are so co-operative and supportive.
- It is good; I like all the facilities available here.
- I wanted to commend you on your exceptional performance at our college. Your commitment to academic excellence and positive impact on the campus community are truly commendable. Keep up the great work!
- My overall experience was excellent. But I do think that our college still has more room for improvement. I believe our college improved a lot in the future and provide a better studying environment.
